**CODE OF CONDUCT**

I. **Introduction**

The Board of Education (“Board”) is committed to providing a safe and orderly school environment where students may receive and CA BOCES personnel may deliver quality educational services without disruption or interference. Responsible behavior by students, teachers, CA BOCES personnel, parents, and visitors is essential to achieving this goal.

CA BOCES has a long-standing set of expectations for conduct on school property and at school functions. These expectations are based on the principles of integrity, mutual respect, citizenship, character, tolerance, honesty, and civility.

The Board recognizes the need to clearly define these expectations for acceptable conduct on school property, identify the possible consequences of unacceptable conduct, and to ensure that discipline, when necessary, is administered promptly and fairly. To this end, the board adopts this Code of Conduct (“code”).

IV. Student Conduct

A. Student Behavior; Code of Conduct
The goal of the CA BOCES Code of Conduct is to provide a productive educational environment in which students may learn the social skills appropriate to their development into mature, responsible adults accountable for their own actions.

When issues of student discipline arise these issues should be resolved whenever possible by the classroom teacher. Teachers are instructed to contact their Administrator or Building Principal in the event of serious student behavior problems. In a crisis situation the Building Principal or Administrator should take whatever action is necessary to resolve the situation and protect the health and safety of all students. When students involved in disciplinary situations fall under the auspices of the Committee for Special Education, all due process regulations shall be observed.

The Asst. Superintendent for Career and Technical Education and the Asst. Superintendent for Special Education Programs are available to the Teachers, Building Principals and Area Administrators in the event that necessary disciplinary action may require supervisory intervention.

B. Student’s Rights and Responsibilities
We believe that by accepting and fulfilling appropriate responsibilities, individuals will come to value resultant privileges. Responsibility is inherent in the exercise of every right and it must be emphasized that lack of responsibility means weakening of rights.

C. Prohibited Student Conduct

The Board of Education expects students to conduct themselves in an appropriate and civil manner, with proper regard for the rights and welfare of other students, CA BOCES personnel and other members of the school community, and for the care of school facilities and equipment.

The best discipline is self-imposed, and students must learn to assume and accept responsibility for their own behavior, as well as the consequences of their misbehavior. CA BOCES personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the student’s ability to grow in self-discipline.

The Board recognizes the need to make its expectations for student conduct while on school property, off school property where applicable, and/or engaged in a school function, specific and clear. The rules of conduct listed below are intended to do that and focus on safety and respect for the rights and property of others. Students who will not accept responsibility for their own behavior and who violate these school rules will be required to accept the penalties for their conduct.

Students may be subject to disciplinary action, up to and including suspension from school, and removal from the program when they:

1. Engage in conduct that is disorderly (any act of molesting, interrupting, hindering, agitating or otherwise depriving others of the educational process)
   Examples of disorderly conduct include but are not limited to:
   a. Using language or gestures that are profane, lewd, vulgar or abusive.
   b. Obstructing vehicular or pedestrian traffic.
   c. Engaging in any act which disrupts the normal operation of the school community.
   d. Trespassing. Students are not permitted in any school building, other than the one they regularly attend, without permission from the administrator in charge of the building.

2. Engage in conduct that is insubordinate (defy established authority). Examples of insubordinate conduct include but are not limited to:
   a. Failing to comply with the lawful directions of teachers, school administrators or other school employees in charge of students or otherwise demonstrating disrespect.
   b. Lateness for, missing or leaving school without permission.
   c. Driving or riding without permission.
   d. Any violation of health or safety regulations or actions that may result in harm to others or exposure to hazardous situations.

3. Inappropriate dress (see section on Student Dress Code).

4. Engage in conduct that is disruptive. Examples of disruptive conduct include but are not limited to:
   a. Failing to comply with the lawful directions of teachers, school administrators or other school personnel in charge of students.
   b. Being late for school or class.
   c. Being unprepared for class.
   d. Throwing things.
   e. Verbally disrupting.
   f. Practical joking.
5. Engage in conduct that is violent. Examples of violent conduct include but are not limited to:
   a. Committing an act of violence (such as hitting, kicking, punching, and scratching) upon a teacher, administrator or other school employee.
   b. Committing an act of violence (such as hitting, kicking, punching, and scratching) upon another student or any other person lawfully on school property.
   c. Engaging in harassing conduct, verbal threats, intimidation, or abuse that reasonably causes or would reasonably be expected to cause a student to fear for his or her physical well-being.
   d. Possessing a weapon. Authorized law enforcement officials are the only persons permitted to have a weapon in their possession while on school property or at a school function. The notification may be made by telephone, followed by a letter mailed on same day as the telephone call is made. The notification must identify the student and explain the conduct that violated the Code of Conduct and constituted a crime.

E. Student Dress Code

All students are expected to give proper attention to personal cleanliness and to dress appropriately for school and school functions. Therefore, CA BOCES has establish acceptable standards for appropriate dress, and it is the primary responsibility of our students and their parents to meet these standards.
In addition, Career and Technical Education programs are designed to help students develop the skills, knowledge, attitudes, and habits that will prepare them for a rewarding career and for further study after high school. It is, therefore, essential that students develop the personal appearance and dress habits that are considered appropriate by employers.

1. Be safe, appropriate and not disrupt or interfere with the educational process.

F. Drug Free Schools

It is required of each New York State School to establish a policy against the use, distribution, possession or sale of controlled substances in school buildings and on school grounds. Controlled substances are defined as illegal drugs plus drugs that have medical use but are highly addictive. Alcohol is also a controlled substance. A copy of board policy 6220, which covers the subject of drugs and alcohol, is printed below. Please read this policy carefully. Disciplinary action will result from any violation of the policy. Disciplinary action may include, but is not limited to, suspension from the Career and Technical Education Center. If you have any questions, please consult with your building principal.

G. POLICY #6220 - SUBJECT: CONTROLLED SUBSTANCES AND ALCOHOL

It shall be the policy of CA BOCES to prohibit the use of tobacco, alcohol, drugs, and other substances on its property. The CA BOCES District Superintendent shall take positive action through a program of education, counseling, home school and parental involvement, and referral to medical and/or legal authorities in handling incidents in the school involving the possession, sale and/or use of such substances.

Any student who violates any provision of this policy may be temporarily removed from his/her program for up to five (5) days and turned over to his/her parents or home school immediately on the grounds that his/her conduct is insubordinate and/or disorderly, or otherwise endangers the safety, moral, health or welfare of that student or other students.

Special Education or Career and Technical Education students housed in facilities operated by organizations other than CA BOCES will be subject to the rules and regulations of those organizations. In the absence of rules and regulations, CA BOCES regulations and procedures will be followed.
H. Weapons In School/Gun Free Schools
Students are not allowed to have weapons or firearms on school property. Weapons are defined as any tool or object that through the intent of the user may or does inflict harm. See CA BOCES Board Policies #6240. “Firearm” includes any weapon, including a starter gun, which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of such weapon; any firearm muffler or silencer; or any “destructive device” (e.g., any explosive, incendiary, or poison gas, including bombs, grenades, rockets, or similar devices.

Any student found violating these rules may be subject to suspension. The student’s parents will be notified, the weapon(s) taken, and the police may be notified of any confiscated weapons.

I. Loss Or Destruction Of CA BOCES Property
CA BOCES is authorized to seek restitution, through civil action when necessary, from the parent or guardian of an unemancipated student over the age of ten (10) and under the age of eighteen (18) where such student:
1. Has willfully, maliciously, or unlawfully damaged, defaced or destroyed real or personal property in the care, custody and/or ownership of CA BOCES; or
2. Has knowingly entered or remained in a CA BOCES building, and wrongfully taken, obtained or withheld personal property owned or maintained by CA BOCES.

J. Bus Transportation / Driving & Riding
Limited parking facilities for students are available at the Career and Technical Education Centers. All students will arrive at the center by bus, unless given permission to drive by the Building Administrator. Students are to get on and off buses at the prescribed bus stops. Upon dismissal from class, go directly to your bus stop.

Any student who repeatedly fails to comply with transportation regulations shall be subject to progressive disciplinary action, up to and including out of school suspension and/or removal from their program.
The home school may also deny bus transportation because of poor conduct.

The privilege to drive a car or ride to the Career and Technical Education Center may be obtained, if you receive, in advance, signed permission from your home school, your parents, and the Career and Technical Education Building Administrator. The Permission to Drive/Ride form must be obtained from the office, filled out, and you must obtain the permit before bringing a car to the center.
If a student intends to be picked up at the center, proper provision for sign-out must be made to assure that the home school, parents, and the Career and Technical Education office are aware and approve.

Students will lose their driving/riding privileges and/or be subject to progressive disciplinary action from the Career and Technical Education Center for any violation of transportation regulations.

K. Student Use of Computerized Information Resources
1. Board Policy 6214
The Board of Cooperative Educational Services will provide access to various technology resources through its Technology Services Division. Technology resources include software, hardware, and communication networks. This may include access to electronic mail and the "Internet." It may include the opportunity for some students to have independent access to the CA BOCES Technology Services from remote locations. All use of the CA BOCES Technology Services, including independent use off school premises, shall be subject to this policy and accompanying regulations. Further, all such use must be in support of education and/or research and consistent with the goals and purposes of CA BOCES.

One purpose of this policy is to provide notice to students and parents/guardians that, unlike most traditional instructional or library media materials, the CA
BOCES Technology Services will allow student access to external technology resources not controlled by CA BOCES where it is impossible for CA BOCES to screen or review all of the available materials. Some of the available materials may be deemed unsuitable by parents/guardians for student use or access. This policy is intended to establish general guidelines for acceptable student use.

However, despite the existence of such a policy and accompanying guidelines and regulations, it will not be possible to completely prevent access to computerized information that is inappropriate for students.

Furthermore, students may have the ability to access such information from their home or other locations off school premises.

Parents/guardians of students must be willing to set and convey standards for appropriate and acceptable use to their children when using the CA BOCES Technology Services or any other technology resources.

Student use of the CA BOCES Technology Services is conditioned upon written agreement by all students and their parents/guardians that student use of the CA BOCES Technology Services will conform to the requirements of this policy and any regulations adopted to ensure acceptable use of the CA BOCES Technology Services. All such agreements shall be kept on file in the CA BOCES' Technology Services Division.

2. Standards of Acceptable Use

Generally, the same standards of acceptable student conduct which apply to any school activity shall apply to use of the CA BOCES Technology Services. This policy does not attempt to articulate all required and/or acceptable uses of the CA BOCES Technology Services; nor is it the intention of this policy to define all inappropriate usage. Administrative regulations will further define general guidelines of appropriate student conduct and use as well as proscribed behavior.

CA BOCES students shall also adhere to the laws, policies and rules governing computers including, but not limited to, copyright laws, rights of software publishers, license agreements, and student rights of privacy created by federal and state law.

Students who engage in unacceptable use may lose access to the CA BOCES Technology Services, in accordance with applicable due process procedures, and may be subject to further discipline under CA BOCES' school conduct and discipline policy and the Student Discipline Code of Conduct. CA BOCES reserves the right to pursue legal action against a student who willfully, maliciously or unlawfully damages or destroys property of CA BOCES. Further, CA BOCES may bring suit in civil court against the parents/guardians of any student who willfully, maliciously or unlawfully damages or destroys CA BOCES property pursuant to General Obligations Law Section 3-112.

Student data files and other electronic storage areas will be treated like school lockers. This means that such areas shall be considered to be CA BOCES property subject to control and inspection. The computer coordinator may access all such files and communications to ensure system integrity and that users are complying with the requirements of this policy and accompanying regulations. Students should NOT expect that information stored on the CA BOCES Technology Services will be private.

3. Outline of acceptable use, rules and regulations pertaining to computer use

   h. Install personal software/programs onto CA BOCES computers.

In cases where violations of this code are detected or observed, CA BOCES Network system operators may temporarily suspend user access, immediately notify the user, and report inappropriate use to the user’s instructor immediately. Furthermore, failure to observe and abide by the “A responsible user list” (as contained in this document) or interfering with the CA BOCES computer system integrity could result in one or more of the following:
   a. Suspension of computer access
   b. Suspension from school
   c. Dismissal from school
   d. Payment for damages
   e. Other actions as deemed necessary by Administration

These rules, regulations and procedures are subject to change, as the effects and limitations of technological advances change. Student acknowledgment, as well as parental permission (when appropriate), is required for the opportunity to use the computer systems and the Internet while at school.

V. Discrimination/Harassment

It is the policy of the CA BOCES that all members of its school community have the right to work, learn, or visit in an environment that is free from all forms of discrimination, including harassment. Harassment of any kind will not be tolerated.
The CA BOCES will take all steps necessary to ensure that CA BOCES shall be free from all forms of Discrimination/Harassment.

A. Harassment or other forms of discrimination/harassment are forms of discrimination based on sex that violate the law.

D. The CA BOCES will address all complaints in a sensitive and expedient manner.

E. Retaliation against students, employees or third parties under the control of the school authorities for reporting discrimination/harassment or assisting the district in the investigation of a complaint is not permitted and will not be tolerated.

VI. Bullying: Peer Abuse in Schools

Bullying of a student by another student is strictly prohibited on school property, in school buildings, on school buses, and at school sponsored events and/or activities whether occurring on or off campus. The Board of Education shall require the prohibition of bullying - along with the range of possible intervention activities and/or sanctions for such misconduct.

A. Definition of bullying

The term "bullying" among children is defined, in general, as: "a variety of negative acts carried out repeatedly over time. It involves a real or perceived imbalance of power, with a more powerful child or group attacking those who are less powerful." Bullying can take many forms, including, but not limited to:

1. Physical (including, but not limited to, hitting, kicking, spitting, pushing, taking personal belongings);
2. Verbal (including, but not limited to, taunting, malicious teasing, name calling, making threats);
3. Psychological (including, but not limited to, spreading rumors; manipulating social relationships; or engaging in social exclusion, extortion, or intimidation); and
4. Cyberbullying (including, but not limited to, the following misuses of technology: harassing, teasing, intimidating, threatening, or terrorizing another student or staff member by way of any technological tool, such as sending or posting inappropriate or derogatory e-mail messages, instant messages, text messages, digital pictures or images, or Web site postings (including blogs). Cyberbullying may occur both on campus and off school grounds). Cyberbullying may include, among other things, the use, both on and off school property, of electronic technology, including, but not limited to, e-mail, instant messaging, blogs, chat rooms, pagers, cell phones, gaming systems and social media websites, to deliberately harass or threaten others.

While bullying is generally a variety of acts carried out over time it is important to note that a single negative act as enumerated above may also constitute "bullying" (if not more serious misconduct) based upon the particular circumstances such as the seriousness of the act and/or the intent of the actor.

VII. Discrimination/Harassment Procedure

A. Reporting Allegations of Discrimination, Harassment & Bullying/Cyberbullying Behavior

1. REPORT. Any student who believes that he/she is being subjected to bullying/cyberbullying behavior, as well as any other person who has knowledge of or witnesses any possible occurrence of bullying/cyber bullying, shall report the behavior to any staff member or the Building Principal. School employees who witness harassment, bullying, and/or discrimination or receive an oral or written report of such acts shall promptly orally notify the principal, superintendent, or their designee not later than one school day after such employee witnesses or receives a report of such acts, and shall also file a written report with the principal, superintendent, or their designee no later than two school days after making an oral report.

2. INVESTIGATION. The principal, superintendent or the principal's or superintendent's designee shall lead or supervise the thorough investigation of all reports of harassment, bullying and/or discrimination, and ensure that such investigation is completed promptly after receipt of any written reports.

3. RESPONSE. When an investigation verifies a material incident of harassment, bullying, and/or discrimination, the superintendent, principal, or designee shall take prompt action, reasonably calculated to end the harassment, bullying, and/or discrimination, eliminate any hostile environment, create a more positive school culture and climate, prevent recurrence of the behavior, and ensure the safety of the student or students against whom such behavior was directed.

4. LAW ENFORCEMENT. The principal, superintendent, or their designee shall notify promptly the appropriate local law enforcement agency when it is believed that any harassment, bullying or discrimination constitutes criminal conduct.
5. **ANNUAL REPORT.** The principal shall provide a regular report, at least once during each school year, on data and trends related to harassment, bullying, and/or discrimination to the superintendent.

6. **NO RETALIATION.** Pursuant to Education Law section 13, retaliation by any school employee or student shall be prohibited against any individual who, in good faith, reports or assists in the investigation of harassment, bullying, and/or discrimination, including cyberbullying. Follow-up inquiries and/or appropriate monitoring of the alleged bully and victim shall be made to ensure that bullying/cyberbullying behavior has not resumed and that all those involved in the investigation have not suffered retaliation.

7. **BOARD POLICY. HARASSMENT/DISCRIMINATION.** Consistent with Board Policy No. 2270 Non-Discrimination & Anti-Harassment and No. 6440 Sexual Harassment of Students, student(s) may also report incidents of discrimination, harassment and/or bullying to the CTE Center at Olean, at 716-376-8237. Such complaint should be in writing. Upon receipt of a complaint of harassment/discrimination, BOCES will promptly investigate. The investigation may consist of personal interview with the complainant, the alleged offender and others who may have knowledge of the circumstances leading to the complaint. The district will notify the complainant and the alleged offender of the outcome of the investigation. Any supervisor, agent or employee who is found to have engaged in harassment shall be subject to appropriate disciplinary action, up to and including discharge.

**B. Prevention and Intervention**

Personnel at all levels are responsible for taking corrective action to prevent bullying/cyberbullying behavior of which they have been made aware at School District sites or activities and/or reporting such behavior to their immediate supervisor. Further, staff training shall be provided to raise awareness of the problem of bullying/cyberbullying within the school and to facilitate staff identification of and response to such bullying/cyberbullying behavior among students. Prevention and intervention techniques within the District to prevent against bullying/cyberbullying behavior and to support and protect victims shall include building-level and classroom-level strategies and activities as determined by administration. Individual intervention will be provided by appropriate staff members to bullies, victims and their parents to help ensure that the bullying/cyberbullying stops.

**VIII. Disciplinary Penalties & Consequences**

**A. Procedures and Referrals**

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that students view as fair and impartial. School personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students’ ability to grow in self-discipline.

Disciplinary action, when necessary will be firm, fair and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

1. The student’s age.
2. The nature of the offense and the circumstances which led to the offense.
3. The student’s prior disciplinary record.
4. The effectiveness of other forms of discipline.
5. Information from parents, teachers and/or others, as appropriate.
6. Other extenuating circumstances.

As a general practice, discipline will be progressive. This means that a student’s first violation will usually merit a lighter penalty than subsequent violations.
If the conduct of a student is related to a disability or suspected disability, the student shall be referred to the Committee on Special Education and discipline, and if warranted, shall be administered consistent with the separate requirements of this Code of Conduct for disciplining students with a disability or presumed to have a disability. A student identified as having a disability shall not be disciplined for behavior related to his/her disability.

B. Penalties & Consequences
Students who are found to have violated the CA BOCES Code of Conduct may be subject to the following penalties and/or consequences, either alone or in combination. The school personnel identified after each penalty/consequence are authorized to impose that penalty/consequence, consistent with the student’s right to due process.

1. Verbal warning – any member of the CA BOCES staff
2. Written warning – school counselor, teachers, principal
3. Written notification to parent – school counselor, teachers, principal
4. Detention – teachers, principal
5. Suspension from transportation – director of transportation, principal, superintendent
6. Suspension from social or extracurricular activities – activity director, principal, superintendent
7. In-school suspension – principal, superintendent
8. Removal from classroom by teacher – teachers, principal
9. Short-term (five days or less) suspension from school – principal, superintendent, Board of Education
10. Long-term (more than five days) suspension from school – principal, superintendent, Board of Education
11. Permanent suspension from school – superintendent, Board of Education
12. Remedial Responses were deemed appropriate may include but are not limited to - peer support groups; assignment of an adult mentor at school that the student checks in with at the beginning and end of each school day; corrective instruction that reemphasizes behavioral expectations or other relevant learning or service experience; engagement of student in a reflective activity, such as writing an essay about the misbehavior and its impact on others and how the student might handle the situation differently in the future and/or make amends to those who have been harmed; supportive intervention and/or mediation where constructive conflict resolution is modeled; behavioral assessment or evaluation; behavioral management plans or behavior contracts, with benchmarks that are closely monitored; student counseling and parent conferences that focus on involving persons in parental relation in discipline issues.

C. Procedures
The amount of due process a student is entitled to receive before a penalty is imposed depends on the penalty being imposed. In all cases, regardless of the penalty imposed, the school personnel authorized to impose the penalty must inform the student of the alleged misconduct and must investigate, to the extent necessary, the facts surrounding the alleged misconduct. All students will have an opportunity to present their version of the facts to the school personnel imposing the disciplinary penalty in connection with the imposition of the penalty.

Students who are to be given penalties other than an oral warning, written warning or written notification to their parents are entitled to additional rights before the penalty is imposed. These additional rights are explained below

1. Detention
Teachers, principals and the superintendent may use after school detention as a penalty for student misconduct in situations where removal from the classroom or suspension would be inappropriate. Detention will be imposed as a penalty only after the student’s parent has been notified to confirm that there is no parental objection to the penalty and the student has appropriate transportation home following detention.

2. Suspension from transportation
If a student does not conduct himself/herself properly on a bus, the bus driver is expected to bring such misconduct to the building principal’s attention. Students who become a serious disciplinary problem may have their riding privileges suspended by the building principal or the superintendent or their designees. In such cases, the student’s parent will become responsible for seeing that his/her child gets to and from school safely. Should the suspension from transportation amount to a suspension from attendance, the CA BOCES will make appropriate arrangements to provide for the student’s education.

A student subjected to a suspension from transportation is not entitled to a full hearing pursuant to Education Law §3214. However, the student and the student’s parent will be provided with a reasonable opportunity for an informal conference with the building principal or the principal’s designee to discuss the conduct and the penalty involved.

3. **In-school suspension**
   The Board recognizes the school must balance the need of students to attend school and the need for order in the classroom to establish an environment conductive to learning. As such, the Board authorizes building principals and the superintendent to place students who would otherwise be suspended from school as the result of a Code of Conduct violation in “in-school suspension.” The in-school suspension teacher will be a certified teacher.

A student subjected to an in-school suspension is not entitled to a full hearing pursuant to Education Law §3214. However, the student and the student’s parent will be provided with a reasonable opportunity for an informal conference with the CA BOCES official imposing the in-school suspension to discuss the conduct and the penalty involved.

4. **Teacher disciplinary removal of disruptive students**
   A student’s behavior can affect a teacher’s ability and can make it difficult for other students in the classroom to learn. In most instances the classroom teacher can control a student’s behavior and maintain or restore control over the classroom by using good classroom management techniques. These techniques may include practices that involve the teacher directing a student to briefly leave the classroom to give the student an opportunity to regain his/her composure and self-control in an alternative setting. Such practices may include, but are not limited to: (1) sending a student into the hallway briefly; (2) sending a student to the principal’s office for the remainder of the class time only; or (3) sending a student to a school counselor or other CA BOCES staff member for counseling. Time-honored classroom management techniques such as these do not constitute disciplinary removals for purposes of this code.

On occasion, a student’s behavior may become disruptive. For purposes of this Code of Conduct, a disruptive student is a student who is substantially disruptive of the educational process or substantially interferes with the teacher’s authority over the classroom. A substantial disruption of the educational process or substantial interference with a teacher’s authority occurs when a student demonstrates a persistent unwillingness to comply with the teacher’s classroom behavior rules.

A classroom teacher may remove a disruptive student from class for up to two days. The removal from class applies to the class of the removing teacher only.

If the disruptive student does not pose a danger or ongoing threat of disruption to the academic process, the teacher must provide the student with an explanation for why he/she is being removed and an opportunity to explain his/her version of the relevant events before the student is removed. Only after the informal discussion may a teacher remove a student from class.

If the student poses a danger or ongoing threat of disruption, the teacher may order the student to be removed immediately. The teacher must, however, explain to the student why he/she was removed from the classroom and give the student a chance to present his/her version of the relevant events within 24-hours.
The teacher must complete a student referral form and meet with the principal or his/her designee as soon as possible, but no later than the end of the school day, to explain the circumstances of the removal and to present the removal form. If the principal or designee is not available by the end of the same school day, the teacher must leave the form with the secretary and meet with the principal or designee prior to the beginning of classes on the next school day. Within 24-hours after the student’s removal, the principal or another CA BOCES administrator designated by the principal must notify the student’s parents, in writing, that the student has been removed from class and why. The notice must also inform the parent that he/she has the right, upon request, to meet informally with the principal or the principal’s designee to discuss the reasons for the removal.

The written notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt of the notice within 24 hours of the student’s removal at the last known address for the parents. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contracting parents.

The principal may require the teacher who ordered the removal to attend the informal conference. If at the informal meeting the student denies the charges, the principal or the principal’s designee must explain why the student was removed and give the student and the student’s parents a chance to present the student’s version of the relevant events. The informal meeting must be held within 48 hours of the student’s removal. The timing of the informal meeting may be extended by mutual agreement of the parent and principal.

The principal or the principal’s designee may overturn the removal of the student from class if the principal finds anyone of the following:
   a. The charges against the student are not supported by substantial evidence.
   b. The student’s removal is otherwise in violation of law, including CA BOCES Code of Conduct.
   c. The conduct warrants suspension from school pursuant to Education Law §3214 and a suspension will be imposed.

The principal or his/her designee may overturn a removal at any point between receiving the referral form issued by the teacher and the close of business on the day following the 48-hour period for the informal conference, if a conference is requested. No student removed from the classroom by the classroom teacher will be permitted to return to the classroom until the principal makes a final determination, or the period of removal expires, whichever is less.

Any disruptive student removed from the classroom by the classroom teacher shall be offered continued educational programming and activities until he or she is permitted to return to the classroom.

Each teacher must keep a complete log (on a CA BOCES provided form) for all cases of removal of students for his/her class. The principal must keep a log of all removals of students from class.

Removal of a student with a disability, under certain circumstances, may constitute a change in the student’s placement. Accordingly, no teacher may remove a student with a disability from his/her class until he/she has verified with the principal or the chairperson of the Committee on Special Education that the removal will not violate the student’s rights under state or federal law or regulation.

5. **Suspension from school**

Suspension from school is a severe penalty, which may be imposed only upon students who are insubordinate, disorderly, violent or disruptive, or whose conduct otherwise endangers the safety, morals, health or welfare of others.

The board retains its authority to suspend students, but places primary responsibility for the suspension of students with the superintendent and the building principals.
Any staff member may recommend to the superintendent or the principal that a student be suspended. All staff members must immediately report and refer a violent student to the principal or the superintendent for a violation of the Code of Conduct. All recommendations and referrals shall be made in writing unless the conditions underlying the recommendation or referral warrant immediate attention. In such cases a written report is to be prepared as soon as possible by the staff member recommending the suspension.

The superintendent or principal, upon receiving a recommendation or referral for suspension, or when processing a case for suspension, shall gather the facts relevant to the matter and record them for subsequent presentation, if necessary.

a. Short-term (5 days or less) suspension from school.
   When the superintendent or principal (referred to as the “suspending authority”) proposes to suspend a student charged with misconduct for five days or less pursuant to Education Law §3214(3), the suspending authority must immediately notify the student orally. If the student denies the misconduct, the suspending authority must provide an explanation of the basis for the proposed suspension. The suspending authority must also notify the student’s parents in writing that the student may be suspended from school. The written notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt of the notice within 24 hours of the decision to propose suspension at the last known address for the parents. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting the parents.

   The notice shall provide a description of the charges against the student and the incident for which suspension is proposed and shall inform the parents of the right to request an immediate informal conference with the principal. Both, the notice and informal conference, shall be in the dominant language or mode of communication used by the parents. At the conference, the parents shall be permitted to ask questions of complaining witnesses under such procedures as the principal may establish.

   The notice and opportunity for an informal conference shall take place before the student is suspended unless the student’s presence in school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process. If the student’s presence does pose such a danger or threat of disruption, the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practicable.

   After the conference, the principal shall promptly advise the parents in writing of his/her decision. The principal shall advise the parents that if they are not satisfied with the decision and wish to pursue the matter, they must file a written appeal to the superintendent within five business days, unless they can show extraordinary circumstances precluding them from doing so. The superintendent shall issue a written decision regarding the appeal within 10 business days of receiving the appeal. If the parents are not satisfied with the superintendent’s decision, they must file a written appeal to the Board of Education with the CA BOCES clerk within 10 business days of the date of the superintendent’s decision, unless they can show extraordinary circumstances precluding them from doing so. Only final decisions of the Board may be appealed to the Commissioner within 30 days of the decision.

b. Long-term (more than 5 days) suspension from CA BOCES
   When the superintendent determines that a suspension for more than five days may be warranted, he/she shall give written notice to the student and the student’s parents of their right to a fair hearing. At the hearing the student shall have the right to be represented by counsel, the right to question witnesses against him or her and the right to present witnesses and other evidence on his or her behalf.

   The superintendent shall personally hear and determine the proceeding or may, in his/her discretion, designate a hearing officer to conduct the hearing. The hearing officer shall be authorized to administer oaths and to issue subpoenas in conjunction with the proceeding before him or her. A record of the hearing shall be maintained, but no stenographic transcript shall be required. The hearing officer shall be advisory only, and the superintendent may accept all or any part thereof.
An appeal of the decision of the superintendent may be made to the board that will make its decision based solely upon the record before it. All appeals to the board must be in writing and submitted to the C.A. BOCES clerk within 10 business days of the date of the superintendent’s decision, unless the parents can show that extraordinary circumstances precluded them from doing so. The board may adopt in whole or in part the decision of the superintendent. Final decisions of the board may be appealed to the Commissioner within 30 days of the decision.

c. Permanent suspension

Permanent suspension is reserved for extraordinary circumstances such as where a student’s conduct poses a life threatening danger to the safety and well-being of other students, school personnel or any other person lawfully on school property or attending a school function.

D. Minimum Periods of Suspension

1. Students who bring a weapon to school.  Any student, other than a student with a disability, found guilty of bringing a weapon onto school property will be subject to suspension from school for at least one calendar year. Before being suspended, the student will have an opportunity for a hearing pursuant to Education Law §3214.  The superintendent has the authority to modify the one-year suspension on a case-by-case basis. In deciding whether to modify the penalty, the superintendent may consider the following:

   a. The student’s age
   b. The student’s grade in school
   c. The student’s prior disciplinary record.
   d. The superintendent’s belief that other forms of discipline may be more effective.
   e. Input from parents, teachers and/or others.
   f. Other extenuating circumstances.

A student with a disability may be suspended only in accordance with the requirements of state and federal law.

2. Students who commit violent acts other than bringing a weapon to school. Any student, other than a student with a disability, who is found to have committed a violent act, other than bringing a weapon onto school property, shall be subject to suspension from school for at least five days. If the proposed penalty is the minimum five-day suspension, the student and the parents will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student’s parents will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

3. Students who are repeatedly substantially disruptive of the educational process or repeatedly substantially interferes with the teacher’s authority over the classroom. Any student, other than a student with a disability, who repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher’s authority over the classroom will be suspended from school for at least five days. For purposes of this Code of Conduct, “repeatedly is substantially disruptive” means engaging in conduct that results in the student being removed from the classroom by teacher(s) pursuant to Educational Law §3214(3-a) and this code on four or more occasions during a semester, or three or more occasions during a trimester. If the proposed penalty is the minimum five-day suspension, the student and the student’s parent will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student’s parent will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.
E. Referrals

1. Counseling
   The Guidance Office shall handle all referrals of students to counseling.

2. PINS Petitions
   CA BOCES may file a PINS (Persons In Need of Supervision) petition in Family Court on any student under the age of 18 who demonstrates that he or she requires supervision and treatment by:
   a. Being habitually truant and not attending school as required by part one of Article 65 of the Education Law.
   b. Engaging in an ongoing or continual course of conduct which makes the student ungovernable or habitually disobedient and beyond the lawful control of the school.
   c. Knowingly and unlawfully possesses marijuana in violation of Penal Law §221.05 will be a sufficient basis for filing a PINS petition.

3. Juvenile Delinquents and Juvenile Offenders
   The superintendent is required to refer the following students to the County Attorney for a juvenile delinquency proceeding before the Family Court:
   a. Any student under the age of 16 who is found to have brought a weapon to school, or
   b. Any student 14 or 15 years old who qualifies for juvenile offender status under the Criminal Procedure Law §1.20 (42).

F. Discipline of Students with Disabilities

The board recognizes that it may be necessary to suspend, remove or otherwise discipline students with disabilities to address disruptive or problem behavior. The board also recognizes that students with disabilities enjoy certain procedural protections whenever school authorities intend to impose discipline upon them. The board is committed to ensuring that the procedures followed for suspending, removing or otherwise disciplining students with disabilities are consistent with the procedural safeguards required by applicable laws and regulations.

This Code of Conduct affords students with disabilities subject to disciplinary action no greater or lesser rights than those expressly afforded by applicable federal and state law and regulations.

1. Authorized Suspensions or Removals of Students with Disabilities.
   a. For purposes of this section of the Code of Conduct, the following definitions apply.
      A “suspension” means a suspension pursuant to Education Law § 3214.
      A “removal” means a removal for disciplinary reasons from the student’s current educational placement other than a suspension and change in placement to an Interim Alternative Educational Setting (IAES) ordered by an impartial hearing officer because the student poses a risk of harm to himself or herself or others.
      An “IAES” means a temporary educational placement for a period of up to 45 days, other than the student’s current placement at the time the behavior precipitating the IAES placement occurred, that enables the student to continue to progress in the general curriculum, although in another setting, to continue to receive those services and modifications, including those described on the student’s current individualized education program (IEP), that will enable the student to meet the goals set out in such IEP, and include services and modifications to address the behavior which precipitated the IAES placement that are designed to prevent the behavior from recurring.
   b. School personnel may order the suspension or removal of a student with a disability from his/her current educational placement as follows:
      i. The board, CA BOCES superintendent, or a building principal may order the placement of a student with a disability into an IAES, another setting, or suspension for a period not to exceed five consecutive school days and not to exceed the amount of time a non-disabled student would be subject to suspension for the same behavior.
      ii. The superintendent may order the placement of a student with a disability into an IAES, another setting or suspension for up to 10 consecutive school days, inclusive of any period in which the student has been suspended or removed under subparagraph (a) above for the same behavior, if
the superintendent determines that the student has engaged in behavior that warrants a suspension and the suspension or removal does not exceed the amount of time non-disabled students would be subject to suspension for the same behavior.

iii. The superintendent may order additional suspensions of not more than 10 consecutive school days in the same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement.

iv. The superintendent may order the placement of a student with a disability in an IAES to be determined by the committee on special education (CSE), for the same amount of time that a student without a disability would be subject to discipline, but not more than 45 days, if the student carries or possesses a weapon to school or to a school function, or the student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function.

- “Weapon” means the same as “dangerous weapon” under 18 U.S.C. §930(g) (w) which includes “a weapon, device, instrument, that is used for, or is readily capable of causing death or serious bodily injury, except...(for) a pocket knife with a blade of less than 2 1/2 inches in length.”
- “Controlled substance” means a drug or other substance identified in certain provisions of the federal Controlled Substances Act specified in both federal and state law regulations applicable to this policy.
- “Illegal drugs” means a controlled substance except for those legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under the Controlled Substances Act or any other federal law.

2. Change of Placement Rule
   a. A disciplinary change in placement means a suspension or removal from a student’s current educational placement that is either:
      i. for more than 10 consecutive school days; or
      ii. for a period of 10 consecutive school days or less if the student is subjected to a series of suspensions or removals that constitute a pattern because they cumulate to more than 10 school days in a school year and because of such factors as the length of each suspension or removal, the total amount of time the student is removed and the proximity of the suspensions or removals to one another.
   b. School personnel may not suspend or remove a student with disabilities if imposition of the suspension or removal would result in a disciplinary change in placement based on a pattern of suspension or removal.

However, CA BOCES may impose a suspension or removal, which would otherwise result in a disciplinary change in placement, based on a pattern of suspensions or removal if the CSE has determined that the behavior was not a manifestation of the student’s disability, or the student is placed in an IAES for behavior involving weapons, illegal drugs or controlled substances.

3. Special Rules Regarding the Suspension or Removal of Students with Disabilities
   a. The Committee on Special Education responsible for developing a student’s IEP shall:
      i. Conduct functional behavioral assessments to determine why a student engages in a particular behavior, and develop or review behavioral intervention plans whenever the CA BOCES is first suspending or removing a student with a disability for more than 10 school days in a school year or imposing a suspension or removal that constitutes a disciplinary change in placement, including a change in placement to an IAES for misconduct involving weapons, illegal drugs, or controlled substances.
      ii. If subsequently, a student with a disability who has a behavioral intervention plan and who has been suspended or removed from his or her current educational placement for more than 10 school days in a school year is subjected to a suspension or removal that does not constitute a disciplinary change in placement, the members of the CSE shall review the behavioral intervention plan and its implementation to determine if modifications are necessary.
         If one or more members of the CSE believe that modifications are needed, the district responsible for developing the student’s IEP shall convene a meeting of the CSE to modify such plan and its implementation, to the extent the committee determines necessary.
      iii. Conduct a manifestation determination review of the relationship between the student’s disability and the behavior subject to disciplinary action whenever a decision is made to place a student in an IAES either for misconduct involving weapons, illegal drugs or controlled substances or
because maintaining the student in his current educational setting poses a risk of harm to the student or others; or a decision is made to impose a suspension that constitutes a disciplinary change in placement.

- The parents of a student who is facing disciplinary action, but who has not been determined to be eligible for services under IDEA and Article 89 at the time of misconduct, shall have the right to invoke applicable procedural safeguards set forth in federal and state law and regulations if, in accordance with federal and state statutory and regulatory criteria, the CA BOCES is deemed to have had knowledge that their child was a student with a disability before the behavior precipitated disciplinary action occurred. If the CA BOCES is deemed to have had such knowledge the student will be considered a student presumed to have a disability for discipline purposes.
  - The superintendent, building principal or other school official imposing a suspension or removal shall be responsible for determining whether the student is a student presumed to have a disability.
  - A student will not be considered a student presumed to have a disability for discipline purposes if, upon receipt of information supporting a claim that the CA BOCES had knowledge the student was a student with a disability the CA BOCES either:
    - conducted an individual evaluation and determined that the student is not a student with a disability, or
    - determined that an evaluation was not necessary and provided notice to the parents of such determination, in the manner required by applicable law and regulations.

If there is no basis for knowledge that the student is a student with a disability prior to taking disciplinary measures against the student, the student may be subjected to the same disciplinary measures as any other non-disabled student who engaged in comparable behaviors. However, if a request for an individual evaluation is made while such non-disabled student is subjected to a disciplinary removal, an expedited evaluation shall be conducted and completed in the manner prescribed by applicable federal and state law and regulations. Until the expedited evaluation is completed, the non-disabled student who is not a student presumed to have a disability for discipline purposes shall remain in the educational placement determined by the CA BOCES, which can include suspension.

b. The CA BOCES shall provide parents with notice of disciplinary removal no later than the date on which a decision is made to change the placement of a student with a disability to an IAES for either misconduct involving weapons, illegal drugs or controlled substances or because maintaining the student in his/her current educational setting poses a risk of harm to the student or others; or a decision is made to impose a suspension or removal that constitutes a disciplinary change in placement. The procedural safeguards notice prescribed by the Commissioner shall accompany the notice of disciplinary removal.

c. The parents of a student with disabilities subject to a suspension of five consecutive school days or less shall be provided with the same opportunity for an informal conference available to parents of non-disabled students under the Education Law.

d. Superintendent hearings on disciplinary charges against students with disabilities subject to a suspension of more than five school days shall be bifurcated into a guilt phase and a penalty phase in accordance with the procedures set forth in the Commissioner’s regulations incorporated into this code.

e. The removal of a student with disabilities other than a suspension or placement in an IAES shall be conducted in accordance with the due process procedures applicable to such removals of non-disabled students, except that school personnel may not impose such removal for more than 10 consecutive days or for a period that would result in a disciplinary change in placement, unless the CSE has determined that the behavior is not a manifestation of the student’s disability.

f. During any period of suspension or removal, including placement in an IAES, students with disabilities shall be provided services as required by the commissioner’s regulations incorporated into this code.

4. Expedited Due Process Hearings
   a. An expedited due process hearing shall be conducted in the manner specified by the Commissioner’s regulations incorporated into this code, if:
i. The CA BOCES requests such a hearing to obtain an order of an impartial hearing officer placing a student with a disability in an IAES where school personnel maintain that it is dangerous for the student to be in his or her current educational placement, or during the pendency of due process hearings where school personnel maintain that it is dangerous for the student to be in his or her current educational placement during such proceedings.

ii. The parent requests such a hearing from a determination that the student’s behavior was not a manifestation of the student’s disability, or relating to any decision regarding placement, including but not limited to any decision to place the student in an IAES.
   - During the pendency of an expedited due process hearing or appeal regarding the placement of a student in an IAES for behavior involving weapons, illegal drugs or controlled substances, or on grounds of dangerousness, or regarding a determination that the behavior is not a manifestation of the student’s disability for a student who has been placed in an IAES, the student shall remain in the IAES pending the decision of the impartial hearing officer or until expiration of the IAES placement, whichever occurs first, unless the parents and CA BOCES agree otherwise.
   - If school personnel propose to change the student’s placement after expiration of an IAES placement, during the pendency of any proceeding to challenge the proposed change in placement, the student shall remain in the placement prior to removal to the IAES, except where the student is again placed in an IAES.

b. An expedited due process hearing shall be completed within 15 business days of receipt of the request for a hearing. Although the impartial hearing officer may grant specific extensions of such time period, he or she must mail a written decision to CA BOCES and the parents within five business days after the last hearing date, and in no event later than 45 calendar days after receipt of the request for a hearing, without exceptions or extensions.

5. Referral to law enforcement and judicial authorities
   In accordance with the provisions of IDEA and its implementing regulations:
   a. CA BOCES may report a crime committed by a child with a disability to appropriate authorities, and such action will not constitute a change of the student’s placement.
   b. The superintendent shall ensure that copies of the special education and disciplinary records of a student with disabilities are transmitted for consideration to the appropriate authorities to who a crime is reported.

G. Student Grievance Procedure
1. Proclamation
   In compliance with the standards set for the governing of civil rights, all students are protected under the following grievance procedures.
   NOTE: Certain areas, which are within the scope of professional teacher’s responsibilities, are not subject to grievance. (Example: interpretation of a subject and/or work experience in the area of the teacher’s expertise.)

2. Definition of a Grievance
   A grievance is a complaint regarding an alleged violation of a student’s rights regarding grading, academic and laboratory work, dismissal, suspension, student conduct or discrimination.

3. Grievance Procedure
   1.1 A student or a group of students have the right to submit a complaint informally to the staff member involved. If no satisfactory resolution occurs, a formal written complaint may be filed with a program coordinator and/or Building Principal within five (5) school days of the complaint.
   1.2 The coordinator and/or Building Principal will conduct a hearing within five (5) school days of receiving the complaint and will respond in writing within five (5) school days of the hearing.
1.3 If the student and/or students are not satisfied with the settlement offered at the first level, within five (5) school days of the decision, an appeal may be made in writing to the Asst. Superintendent overseeing that educational program (Asst. Superintendent for Career and Technical Education, Asst. Superintendent for Special Education Programs, or the Asst. Superintendent for Instructional Support Services).

1.4 A hearing by the appropriate Asst. Superintendent with the student and faculty will be held within five (5) school days of the receipt of the appeal.

1.5 At the conclusion of the hearing, a decision will be made in writing by the Asst. Superintendent within five (5) school days.

1.6 If the student and/or group of students are not satisfied with the settlement at the Asst. Superintendent’s level, within five (5) school days of the decision, a written appeal may be carried to the CA BOCES Superintendent.

1.7 A hearing by the CA BOCES Superintendent with the student and faculty will be held within five (5) school days of the receipt of the appeal.

1.8 At the conclusion of the hearing, a decision will be made in writing by the CA BOCES Superintendent within five (5) school days.

1.9 If the student and/or group of students are not satisfied at the CA BOCES Superintendent level, they may appeal to the final level, which is the Board of Education.

1.10 A hearing by the Board of Education will be held within ten (10) days of the receipt of the written appeal and a decision in writing submitted within five (5) school days of the conclusion of the hearing.

H. Corporal Punishment

Corporal punishment is any act of physical force upon a student for the purpose of punishing that student. Corporal punishment of any student by any CA BOCES employee is strictly forbidden. However, corporal punishment shall not mean the use of reasonable physical force for any of the following purposes where alternative procedures and methods that do not involve the use of physical force cannot reasonably be used, reasonable physical force may be used to:

1. Protect oneself, another student, teacher or any person from physical injury.
2. Protect the property of the school or others.
3. Restrain or remove a student whose behavior interferes with the orderly exercise and performance of CA BOCES functions, powers and duties, if that student had refused to refrain from further disruptive acts.

CA BOCES will file all complaints about the use of corporal punishment with the Commissioner of Education in accordance with the Commissioner’s regulations.

I. Student Searches and Interrogations

The Board of Education is committed to ensuring an atmosphere on school property and at school functions that is safe and orderly. To achieve this kind of environment, any school official authorized to impose a disciplinary penalty on a student may question a student about an alleged violation of law or CA BOCES Code of Conduct. Students are not entitled to any sort of “Miranda” type warning before being questioned by school officials, nor are school officials required to contact a student’s parent before questioning the student. However, school officials will tell all students why they are being questioned.

In addition, the board authorizes the superintendent, building principals, the school nurse and/or CA BOCES security officials to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will result in evidence that the student violated the law or the CA BOCES Code of Conduct.

An authorized school official may conduct a search of a student’s belongings that is minimally intrusive, such as touching the outside of a book bag, without reasonable suspicion, so long as the school official has a legitimate reason for the very limited search.

An authorized school official may search a student or the student’s belongings, including a vehicle if on CA BOCES’ property, based upon reliable information.

Before searching a student or the student’s belongings, the authorized school official should attempt to get the student to admit that he or she possesses physical evidence that they violated the law or the CA BOCES code, or get the student to voluntarily consent to the search. Searches will be limited to the extent necessary to locate the evidence sought.
Whenever practicable, searches will be conducted in the privacy of administrative offices and students will be present when their possessions are being searched.

1. Student Lockers, Desks and other School Storage Places
   The rules in this Code of Conduct regarding searches of students and their belongings do not apply to student lockers, desks and other school storage places. Students have no reasonable expectation of privacy with respect to these places and school officials retain complete control over them. This means that student lockers, desks and other school storage places may be subject to search at any time by school officials, without prior notice to students and without their consent.

2. Strip Searches
   A strip search is a search that requires a student to remove any or all of his or her clothing, other than an outer coat or jacket. If an authorized school official believes it is necessary to conduct a strip search of a student, the school official may do so only if the search is authorized in advance by the superintendent or the school attorney. The only exception to this rule requiring advanced authorization is when the school official believes there is an emergency situation that could threaten the safety of the student or others.
   Strip searches may only be conducted by an authorized school official of the same sex as the student being searched and in the presence of another CA BOCES professional employee who is also of the same sex as the student. Before conducting a strip search, the school official must consider the nature of the alleged violation, the student’s age, the student’s record and the need for such a search. School officials will attempt to notify the student’s parent by telephone before conducting a strip search, or in writing after the fact if the parent could not be reached by telephone.

3. Documentation of Searches
   The authorized school official conducting the search shall be responsible for promptly recording the following information about each search:
   a. Name, age and grade of student searched.
   b. Reasons for the search.
   c. Name of any informant(s).
   d. Purpose of search (that is, what item(s) were being sought).
   e. Type and scope of search.
   f. Person conducting search and his or her title and position.
   g. Witnesses, if any, to the search.
   h. Time and location of search.
   i. Results of search (that is, what items(s) were found).
   j. Disposition of items found.
   k. Time, manner and results of parental notification.
   The building principal or the principal’s designee shall be responsible for the custody, control and disposition of any illegal or dangerous item taken from a student. The principal or his or her designee shall clearly label each item(s), until the item(s) is turned over to the police. The principal or his or her designee shall be responsible for personally delivering dangerous or illegal items to police authorities.

4. Police Involvement in Searches and Interrogations of Students
   CA BOCES officials are committed to cooperating with police officials and other law enforcement authorities to maintain a safe school environment. Police officials, however, have limited authority to interview or search students in school or at school functions, or to use school facilities in connection with police work. Police officials may enter school property or a school function to question or search a student or to conduct a formal investigation involving students only if they have:
   a. A search or an arrest warrant; or
   b. Probable cause to believe a crime has been committed on school property or at a school function; or
   c. Been invited by school officials.
Before police officials are permitted to question or search any student, the building principal or his or her designee shall first try to notify the student’s parent to give the parent the opportunity to be present during the police questioning or search. If the student’s parent cannot be contacted prior to the police questioning or search, the questioning or search shall not be conducted. The principal or designee will also be present during any police questioning or search of a student on school property or at a school function. Students who are questioned by police officials on school property or at a school function will be afforded the same rights they have outside the school. This means:

a. They must be informed of their legal rights.
b. They may remain silent if they so desire.
c. They may request the presence of an attorney.

5. Child Protective Services Investigations

Consistent with the CA BOCES commitment to keep students safe from harm and the obligation of school officials to report to Child Protective Services when they have reasonable cause to suspect that a student has been abused or maltreated, CA BOCES will cooperate with local Child Protective Services workers who wish to conduct an interview of students on school property relating to allegations of suspected child abuse, and/or neglect, or custody investigations. All requests by Child Protective Services to interview a student on school property shall be made directly to building principal or his or her designee. The principal or his or her designee shall set the time and place of the interview. The principal or designee shall decide if it is necessary and appropriate for a school official to be present during the interview, depending on the age of the student being interview and the nature of the allegations. If the nature of the allegations is such that it may be necessary for the student to remove any of his or her clothing in order for the Child Protective Services worker to verify the allegations, the school nurse or other CA BOCES medical personnel must be present during that portion of the interview. No student may be required to remove his or her clothing in front of a Child Protective Services worker or CA BOCES official of the opposite sex. A Child Protective Services worker may not remove a student from school property without a court order, unless the worker reasonably believes that the student would be subject to danger of abuse if he or she were not removed from school before a court order can reasonably be obtained. If the worker believes the student would be subject to danger of abuse, the worker may remove the student without a court order and without the parent’s consent.

IX. Student Progress

A. Grades for Students enrolled in CTE Programs

A student’s grade will be based upon performance assessments, written assessments, and professional responsibilities as defined by your program of study. Grades will be reported to your home school four times a year. The passing grade is 65. However, a final marginal grade (65) in your first year’s work may jeopardize your chance of being allowed to return for the second year of the program. Final assessments are a mandatory requirement for graduation.

All students completing a High School Diploma are required to have three credits of Math, three credits of Science, and four credits of ELA. Math, Science, and ELA content is delivered within the Career and Technical Education program using the collaborative teaching model, in which CTE teachers and certified Math, Science and English teachers work closely together to plan, deliver, and assess the academic content in each CTE program. All students who are enrolled in Career and Technical Education programs will receive instruction in related math, science and ELA content as part of their course of study. Each course (math, science, ELA and CTE) must have a grade assigned at the completion of each marking period and at the conclusion of the school year.

Students, who complete all components of their CTE program, including the academic components, are eligible to receive the third credit of Math, third credit of Science, and the fourth credit of ELA required for a high school diploma. In order to receive this credit, the student must pass at least one regents exam in each of these academic areas.
Excessive absences prevent students from meeting the participation, academic, and performance requirements of CTE programs. Any student who does not meet the academic, attendance, or performance requirements of their career and technical program will receive an incomplete or a failure.

In the event of a student’s absence due to medical, educational, or extenuating personal reasons beyond the student’s control, the student and appropriate instructors are required to meet and jointly identify class work missed during the absence and arrange for the missed class work to be made up. It is expected that a student’s parent or guardian will follow up with the instructor to ensure arrangements for the making up the missed work have been made. Upon completion of the missed class work, the student will be given appropriate credit.

B. Career Portfolio
All CTE students will be required to develop and complete a portfolio. Each student will be given a three-ring binder at the beginning of the school year that contains a grading rubric and dividers for materials to be included in the portfolio throughout your course of study. It is important that students add to their portfolio throughout the school year as they prepare for careers and further study. The result will be a portfolio that will promote you and your career. Your portfolio will count for 1/3 of your final assessment (exam) grade, and are mandatory for graduation. For more information, please see the “Student Guide for Career Portfolios”.

C. Certificate of Completion
CTE students who complete their course of study will be given a “Certificate of Completion”. All completers of CTE programs receive a student profile that outlines the skills they have achieved.

D. CTE Technical Endorsement
Students enrolled in an approved CA BOCES Career and Technical Education (CTE) program who successfully complete all requirements may earn a technical endorsement to be affixed to your high school diploma. Requirements leading to the technical endorsement include:
1. The student must earn a Local or Regents High School Diploma.
2. The student must meet or exceed the New York State cut score on the written and performance Technical Assessment approved for that CTE program.
3. Successfully complete an internship/work based experience.
4. Students must earn a final grade of 65 or better on their Career Portfolio.
5. Students must earn a final grade of 65 or better in their CTE program and in each of the core academic areas (Math, Science and ELA).

X. Attendance

Board Policy 6110, Comprehensive Secondary Student Attendance Policy:

A. Statement of Overall Objectives
The CA BOCES Board will develop, review annually and, if necessary, revise a Comprehensive Student Attendance Policy to meet the following objectives:
1. To increase school completion for all students;
2. To raise student achievement and close gaps in student performance;
3. To identify attendance patterns in order to meet the needs of our students;
4. To account for every student for safety and other concerns. To identify attendance patterns in order to design attendance improvement efforts;
5. To verify that individual students are complying with education laws relating to compulsory attendance; and
6. To provide accurate attendance information to the component districts for the purpose of compliance with compulsory education laws as well as determining the districts’ average daily attendance.

B. Description of Strategies to Meet Objectives
CA BOCES will:
1. Maintain a Comprehensive Student Attendance Policy;
2. Maintain accurate record keeping via a Register of Attendance to record attendance, absence, tardiness or early departure of each student;
3. Enter attendance into a data management system;
4. Utilize data analysis systems for tracking individual student attendance and individual and group trends in student attendance problems; and
5. Develop early intervention strategies to improve school attendance for all students.

C. Definitions
1. Pupil – Any person enrolled in any public or private school.
2. Register of Attendance – Any written or electronic record maintained for the purpose of recording attendance, absence, tardiness or early departure during the course of a school day.
3. Schedule of Instruction – Every period a pupil is scheduled to attend actual instruction or supervised study during a course of a school day during the school year.
4. Teacher – A member of the teaching or supervisory staff of the school.
5. Employee other than a teacher – A person other than a teacher employed in a position appropriate for the maintenance of pupil records.

D. Excused and Unexcused Absences, Tardiness, and Early Departures
Absences, tardiness and early departures will be considered excused or unexcused according to the following standards:

E. Excused
1. Personal illness with written parental excuse
2. Illness or death in the family with written verification
3. Medical appointments with written verification
4. Administrative approved educational trips
5. Impassable roads due to inclement weather
6. Religious observance
7. Quarantine
8. Legal appointments with written verification
9. Administrative approved college visits
10. Administrative approved cooperative work programs or internship experience
11. Military obligations previously approved
12. Other reasons approved by the Board

F. Unexcused
1. Any reason for lack of attendance if it does not fall into the above categories
2. Examples would include, but are not limited to, truancy, “cutting a class, family vacation, hunting or fishing, babysitting, hair cut, obtaining a learner’s permit, road test, oversleeping. Truancy means any student absence from CA BOCES that is unexcused or unauthorized.
3. No excuse or note from parent/guardian after (3) days.

G. Attendance Records
A record shall be kept of each scheduled day of instruction during which the school is closed for all or part of the day because of extraordinary circumstances including adverse weather conditions, impairment of heating facilities, insufficiency of water supply, shortage of fuel, destruction of or damage to a school building, or such other cause as may be found satisfactory to the Commission of Education.
Attendance records shall also indicate the date when a student withdraws from enrollment or is dropped from enrollment in accordance with Education Law Section 3202(1-a).

At the conclusion of each class period or school day, all attendance information shall be compiled and provided to the designated school personnel who are responsible for attendance. The nature of the absence, tardiness or early departure shall be coded on a student’s record in accordance with the established CA BOCES/building procedures. Absences from Career and Technical Education, a.m. or p.m., will be reported to our component schools as soon as possible after the start of class. The CA BOCES will assist in the follow-up of students. At the beginning of the school year, the CA BOCES will confer with each component school to establish procedures to ensure accurate attendance records.

H. Student Attendance/Course Credit Recommendations

For each marking period a percentage of a student’s final grade will be based on classroom participation, as well as, the student’s performance on homework, tests, papers, projects, etc. as determined by the classroom teacher. For purposes of this policy, classroom participation means a student is in class, prepared to work, and is productive during class.

Students are expected to attend all scheduled classes. Unexcused student absences, tardiness, and early departures will affect a student’s grade for the marking period, including grades for classroom participation.

At the middle school/senior high school level, any student with more than 10% absences in a course (based on the Cattaraugus-Allegany-Erie-Wyoming BOCES Career and Technical Education calendar year) may not receive recommendation for credit for the course or a Certificate of Completion. Students with properly excused absences, tardiness and early departures for which the student has performed any assigned make-up work shall not be counted as an absence in determining the student’s eligibility for course credit. Cattaraugus-Allegany-Erie-Wyoming BOCES procedures will specify how student tardiness and early departures will be calculated and factored into the CA BOCES minimum attendance standard. Tardiness and early departures are tracked on the computerized student information system.

For summer school and courses meeting \( \frac{1}{2} \) year or \( \frac{1}{4} \) year, the same policy will apply and a calculation of the absences will be prorated accordingly.

Transfer students and students re-enrolling after having dropped out will be expected to attend a prorated minimum number of scheduled class meetings during their time of enrollment.

Students will be considered in attendance if the student is:

1. Physically present in the classroom or working under the direction of the classroom teacher during the class scheduled meeting time; or
2. Working pursuant to an approved internship program; or
3. Receiving approved alternative instruction.

Students who are absent from class due to their participation in a school-sponsored activity are to arrange with their teachers to make up any work missed in a timely manner as determined by the student’s teacher. Attendance at school-sponsored events where instruction is substantially equivalent to the instruction that was missed shall be counted as the equivalent of regular attendance in class.

Upon returning to school following a properly excused absence, tardiness or early departure, it shall be the responsibility of the student to consult with his/her teacher(s) regarding arrangements to make up missed work, assignments and/or tests in accordance with the time schedule specified by the Career and Technical Education Center. A student will have five (5) calendar days to turn in assigned make-up work to their teacher.

I. Notice of Minimum Attendance Standard/Intervention Strategies Prior to the Recommendation for Denial of Course Credit
Student performance is assessed by using 2/3 classroom participation or shop work and 1/3 theory work and written assessments.

Parents/persons in parental relation and students will be informed of this CA BOCES policy regarding minimum attendance and course credit, and the implementation of specific intervention strategies to be employed prior to the recommendation for denial of course credit to the student for insufficient attendance. The following guidelines shall be followed:

1. The CA BOCES Comprehensive Student Attendance Policy will be mailed to parents/persons in parental relation and provided to students at the beginning of each school year or at the time of enrollment in CA BOCES as part of the student Code of Conduct;
2. The Attendance Policy will also be included in parent/student handbooks;
3. At appropriate intervals, a designated staff member(s) will notify the component school district and the parent/person in parental relation of the student’s absence, tardiness, or early departure and explain the relationship of the student’s attendance to his/her ability to receive course credit for success in the program. If the parent/person in parental relation cannot be reached by telephone, a registered letter shall be sent detailing this information;
4. A designated staff member will review the CA BOCES Attendance Policy with students who have excessive and/or unexcused absences, tardiness or early departures prior to denial of course credit. Appropriate student support services may be implemented or referral to appropriate community agencies or the component schools prior to the recommendation for denial of course credit for insufficient attendance by the student; and
5. An attendance committee will be established by the CA BOCES to review attendance cases when necessary.

J. Notice of Students who are Absent, Tardy or Depart Early Without Proper Excuse:
   5 days The teacher will notify the parent/guardian, school counselor, and building principal that the student has accumulated 5 unexcused absences. The school counselor and building principal must be involved if a student accumulates 5 unexcused absences in a quarter.
   10 days The student, parent/guardian, and home school will be notified in writing of attendance status and concerns. A corrective action plan will be developed with input from the student, parent/guardian, teacher, and school personnel. Intervention strategies will be developed and implemented to address patterns of absences, tardiness, and/or early departures. Each student's situation will require strategies tailored to their needs and situation.
   15 days The student, parent/guardian, and home school will be notified in writing that recommendation for credit, a certificate of completion, and participation in CA BOCES graduation ceremony will be denied if the student exceeds 20 unexcused absences.
   20 days The student, parent/guardian, and home school will be notified in writing the student may continue to be enrolled but will be denied recommendation for credit, a certificate of completion, and will not be eligible to participate in CA BOCES graduation ceremony

The component school district will be notified of our recommendation to deny credit for the course and/or the loss of obtaining a Certificate of Completion from CA BOCES. A plan for the student will be formulated and put in place.

K. Attendance Incentives
In order to encourage student attendance, the CA BOCES will develop and implement grade-appropriate/building-level strategies and programs that may include but are not limited to:
   1. Granting incentives and rewards, within the classroom or school wide, for improved or outstanding attendance at school or work;
   2. Hosting special events;
   3. Providing opportunities to develop relationships between students and teachers;
4. Encouraging community participation; and
5. Encouraging parental involvement.

L. Disciplinary Consequences
Unexcused absences, tardiness and early departures will result in disciplinary sanctions as described in the CA BOCES Code of Conduct.

M. Intervention Strategy Process
In order to effectively intervene when an identified pattern of unexcused absences, tardiness or early departures occur, designated CA BOCES personnel will pursue the following:
1. Notification by designated staff member(s) by telephone to the parent/persons in parental relations or to the student’s home district if the student attends a CA BOCES program for less than a full school day, of any student’s absence or tardiness. Messages will be left for the parent/person in parental relation if contact is not made. Documentation of all successful and unsuccessful contacts regarding absences will be maintained. Extended absences/tardiness will be followed up with written notice and copies sent to the home school with a conference involving all parties when necessary. Requests for early dismissal must be verified by designated staff member prior to granting approval.
2. There will be identified milestones for attendance to determine students with attendance concerns. These milestones will be accompanied by prescribed interventions which are defined by each program (i.e., certified letter; home visit by counselor; referral to counseling/court; District involvement, etc.).
3. Designated staff person, under the supervision of the program administrator, will monitor and be able to report regarding program procedures and implementation of these procedures.

N. Appeal Process
A parent/person in parental relation may request a building level review of his/her child’s attendance record.

O. Building Review of Attendance Records
The Building Principal will work in conjunction with the building attendance clerk and other designated staff in reviewing attendance records at the end of each term. This review is conducted to identify individual and group attendance patterns and to initiate appropriate action to address the problem of unexcused absences, tardiness and early departures.

P. Annual Review by the Board
The Board shall annually review the building level student attendance records and if such records show a decline in student attendance, the Board shall make any revision to the Policy as deemed necessary to improve student attendance.

Q. Community Awareness
The Board shall promote necessary community awareness of the CA BOCES Comprehensive Student Attendance Policy by:
1. Providing a plain language summary of the policy to parents or persons in parental relation to students at the beginning of each school year and promoting the understanding of such a policy to students and their parents/persons in parental relation;
2. Providing each teacher, at the beginning of the school year or upon employment, with a copy of the policy; and
3. Providing copies of the policy to any other member of the community upon request.

R. Comprehensive Student Attendance Policy for Special Education Students Housed in Component Facilities
Students housed in component school facilities will be subject to the attendance policy of their home school district.
XI. **Student Welfare**

A. **Accidents**

ALL accidents and illnesses should be reported to your instructor, or if not in class, the main office. An accident report form will be filled out for all accidents that result in injury.

B. **Safety**

The specialized nature of each course requires that you observe all safety rules that your instructor establishes, whether you agree with them or not. All students will receive safety instruction in each class. If safety rules are violated, a student will not be allowed to work until he/she is willing to meet the requirement. Safety glasses are issued to each student who works in a shop area. Students must wear their glasses whenever work is in progress, even if they are only watching others work. Loss of vision due to a shop accident might cause a student to be unemployable.

C. **Fire and Emergency Drills**

To be prepared for an emergency or crisis provisions have been made for shelter, evacuation, early dismissal, annual written notification to students and staff, an annual emergency drill, and coordination with local emergency preparedness coordinators.

You will be instructed in the proper method of leaving the building for fire drills. As with the fire drills in your home school, all students are responsible for leaving the building quickly and quietly and for remaining outside the building until a call for return is announced. No one is permitted to remain in the building while a fire drill is in progress.

Every teacher and administrator has the legal responsibility to provide a safe school environment and to promote the safety of all individuals connected with the school. One of the responsibilities is the preparation of detailed plans for action in an emergency brought about by any disaster that may occur in school or in the community.

The need for emergency action goes beyond our ordinary safety measures and those associated with fire prevention. It is incumbent upon schools to develop comprehensive emergency and disaster plans to cover students, staff, and visitors for their protection, evacuation, and other contingencies. Copies of the District Emergency Plan are available for your review through the CA BOCES Health & Safety Department or on the website.

In the event of a real emergency, students may need to be evacuated from the premises according to our District Emergency Plan. Depending upon the nature of the emergency, students could either be returned to their component school district or temporarily relocated to another nearby component school. In certain circumstances parents or guardians may need to be contacted directly. If you are concerned about your child during an emergency, please call the main number of the building where your child is located. Student safety is our primary concern.

D. **Field Trips**

Off Campus Release: From time to time, it might be necessary for your son/daughter to be engaged in educational activities away from their school. This will be part of their educational program and under the supervision of their teacher.

A parent’s signature is required on the Student Information Sheet authorizing the center to transport the students to and from the off-school premises as our instructional program dictates.

E. **Textbooks-Uniforms-Tools**

Textbooks are provided and should be treated as loans to be returned in satisfactory condition. Students are financially responsible for damaged or lost books.
Uniforms, when required, should be kept neat and clean. If a student is not in uniform, he/she will not be permitted to work. He/she may be given another assignment and their progress will be affected.

Basic tools are assigned to the students in each course. They may, however, want their own set of tools and may need some tools in order to be employable. Their instructor will indicate what kinds of tools and equipment students must purchase for their course.

Most required items may be purchased in the Career and Technical Education school store when available, or in your local community. Uniforms are generally purchased for a whole class at one time. Consult your instructor before any uniforms are bought.

Because of the technical nature of our courses, all students are encouraged to keep and maintain a notebook. Each instructor will discuss regulations with regard to the notebook’s specific make up.

F. **Lockers**

Teachers assign student lockers, when available. The school assumes no responsibility for property kept in lockers. Lockers are school property, therefore, they are subject to periodic inspections.

The school will provide keys or locks when available. A deposit fee will be charged per lock. This fee will be returned when the key/lock is turned in at the close of the school year.

G. **Student Visitors**

The Career and Technical Education Center welcomes visitors at all times. All visitors are required to report to the main office before visiting class areas. The classes are work areas where students may not bring friends without permission from the main office. A student who wishes to bring a friend must secure a visitor’s pass signed by his/her parent, home school counselor or principal, Career and Technical Educational teacher, and the CA BOCES main office at least one day before the scheduled visit.

H. **Photo Release**

Throughout the year, local media or Career and Technical Education agents will be photographing or video-taping at our center. This permission will allow interested media/Career and Technical Education agents to photograph/videotape a student for the purpose of public relations in promoting individual/school programs.

I. **Career Services for Students**

The Career and Technical Education Center provides a variety of services to assist you in discovering, establishing, and attaining your academic, career and personal goals. These services are offered to all students and are available at any time.

All students are encouraged to come to the career services office to discuss:

1. Progress toward your chosen career, including course changes and interpretation of your grades.
2. Problems of a personal nature.
3. Further educational opportunities.
4. Interpretation of school policies, procedures and regulations.
5. Job availability and the general employment outlook for the local labor market.
6. Armed Forces information.
7. Internship opportunities.
Certificate of Completion – a student who successfully completes his/her course will be given a Certificate of Completion, indicating the proficiencies achieved at the area center.

J. The Family Education Rights and Privacy Act (FERPA)
CA BOCES shall annually inform parents or eligible students of their right to refuse the release of student directory information and indicate a time period for their response. Following such notice and a reasonable period CA BOCES may release such information to an outside group without individual consent.

The Family Education Rights and Privacy Act (FERPA) defines student directory information as the following: name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height (if members of athletic teams), degrees and awards received, and the name of the educational agency or institution previously attended by the student.

K. Notice Regarding Asbestos Management Plans
The Board of Cooperative Educational Services of Cattaraugus-Allegany-Erie-Wyoming Counties (CA BOCES) provides notice that all facilities owned, leased or operated by CA BOCES have been inspected for the presence of asbestos-containing materials (ACBM) and the required triennial re-inspections have been performed. These inspections were required by recently enacted EPA regulations and were performed by accredited inspectors.

No friable ACBM was found at the Career and Technical Education Centers at Olean, Ellicottville, and Belmont. Plans for periodic surveillance, maintenance and possible abatement of ACBM have been developed for all facilities. Copies of the management plans are available for public inspection during business hours in the CA BOCES administrative office located at the Center at Olean 1825 Windfall Road, Olean, NY and in the administrative office at each of the facilities. Questions concerning the inspections and management’s plans should be made to the Health and Safety Department at 716-376-8249.

L. Pesticides & Other Potentially Hazardous Materials
CA BOCES has adopted Integrated Pest Management (IPM) as an effective and environmentally sensitive approach to pest management. IPM uses common sense practices to control pests by taking advantage of various pest management options including the judicious use of pesticides. The New York State Education Law 409-h requires CA BOCES to inform staff and persons in parental relations of pesticide use in CA BOCES buildings and on CA BOCES grounds. The pesticide notification process consists of three parts:

1. Initial Annual Notification --- At the beginning of each school year all staff and persons in parental relations will be informed that there is potential pesticide use at school facilities (buildings and grounds), that CA BOCES will maintain a list of individuals wishing to receive notification 48 hours prior to actual pesticide use, and that CA BOCES is the school district’s Integrated Pest Management contact.

2. 48-Hour Prior Notification --- Staff and persons in parental relations may ask to be notified 48 hours in advance of pesticide use in facilities where they regularly work or have children regularly attending classes. CA BOCES must keep a list of these individuals and provide them with written notification at least 48 hours before pesticide use giving date, location and name of pesticide used.

3. Interim (Summary) Notifications --- Within two days of the end of winter and spring recess, and within 10 days of the beginning and end of the school year all staff and persons in parental relation must be notified of pesticide use since the last notification.

CA BOCES is required to keep a list of individuals wishing to be notified at least 48 hours in advance before pesticide use at the facilities in which they work or have a child attending classes. If you wish to have your name placed on the 48-hour pesticide notification list, please complete the Pesticide Use Notification List Request form and return it to CA BOCES. Should anyone have questions about the Integrated Pest Management Program or pesticide used at CA BOCES, contact the Health and Safety Department at 716-376-8249.

The following organizations with similar goals and objectives are available for student membership on a voluntary basis, and they are co-curricular activities of the Career and Technical Education curriculum. Each is affiliated with state and national charters.

SkillsUSA – SkillsUSA is a partnership of students, teachers, and industry, working together to ensure America has a skilled workforce. SkillsUSA is a national organization serving teachers and high school and college students who are preparing for careers in technical, skilled and service occupations, including health occupations.

Qualities of leadership and good citizenship are also considered.

O. Visitors to the Schools
The Board encourages parents and other citizens to visit the CA BOCES Career and Technical Education centers and classrooms to observe the work of students, teachers and other staff. Since schools are a place of work and learning, however, certain limits must be set for such visits. 1. Anyone who is not a regular staff member or student of the school will be considered a visitor.
2. All visitors to CA BOCES must report to the main office upon arrival at the school. There they will be required to sign the visitor’s register and will be issued a visitor’s identification badge, which must be worn at all times while in the school or on CA BOCES grounds. The visitor must return the identification badge to the principal’s office before leaving the building.
3. Visitors attending school functions that are open to the public, such as parent-teacher organization meetings or public gatherings, are not required to register.
4. Parents or citizens who wish to observe a classroom while school is in session are required to arrange such visits in advance with the classroom teacher(s), so that class disruption is kept to a minimum.
5. Teachers are expected not to take class time to discuss individual matters with visitors.
6. Any unauthorized person on school property will be reported to the principal or his/her designee. Unauthorized persons will be asked to leave. The police may be called if the situation warrants.

XII. Public Conduct on School Property

CA BOCES is committed to providing an orderly, respectful environment that is conducive to learning. To create and maintain this kind of an environment, it is necessary to regulate public conduct on school property and at school functions. For purposes of this section of the code, “public” shall mean all persons when on school property or attending a school function including students, teachers and CA BOCES personnel.

The restrictions on public conduct on school property and at school functions contained in this code are not intended to limit freedom of speech or peaceful assembly. Dear Parents & Guardians

RE: Pesticide Notification

Although we are not required to do so, this letter is notifying you of our school’s plan regarding the application of pesticides. We are not using any products in our school building which come under the regulation known as the Pesticide Notification Education Law 409-h, however, we will be using the following products to control ants, cockroaches, and other unwanted insects: baits, gels and granular products that contain boric acid and/or disodium octaborate tetrahydrate. We may also use growth regulators so that the pests do not mature and breed if they should hatch out from eggs brought into the school on food products, containers, or by persons entering the building. Also, it may become necessary to use an aerosol spray to protect our students and staff from stinging and biting insects, which includes venomous spiders, bees, wasps, and hornets. These emergency applications if needed, will be done by certified pest control applicators.

Rodent control will be accomplished by using cultural controls such as regular trash pickup, not leaving food items out to attract pests, and other sanitation methods. We will only use traps as a means of mechanical control because poisons are too hazardous to be used in a school setting.

Weeding will control unwanted vegetation for the most part, but if application of a herbicide should be necessary to control poison ivy or other harmful weeds, it will occur over a long weekend, which will nullify any harmful effects associated with the application.

Anti-microbial products have been excused from the notification law for practical reasons. Germs, fungi, and molds need to be controlled for health reasons, and our school will be using them to control disease.

This letter is sent to inform you of the district’s plan to use the least toxic approach to pest control and to outline the steps we are using to control unwanted pests. Our integrated pest management plan is designed to effectively manage pest control and continually monitor the situation through feedback, monitors, and inspections. We will readjust and update the plan to ensure the safety and health of all building occupants. If you have any questions, please contact the CA BOCES Center at 716-376-8249.

Sincerely,

Lynda M. Quick
District Superintendent and Chief Executive Officer
